The Chief Court recommend the entertainment of an additional process establishment consisting of 2 Amins and 5 peons, for the central Nazarth at Bangalore, at an additional cost of ₹768 per annum, on the ground that owing to the very heavy work devolving upon the present establishment, the execution of processes has become difficult and unsatisfactory. They also solicit sanction to provide in future Budgets, a lump sum of ₹2,000 to meet any temporary increase of process establishment that may become necessary under Rule XXII of the Process Rules, and also for another sum of ₹100 to meet any expenditure that might be incurred in the service of urgent processes in outlying Courts under Rule XX, for which at present no provision exists in the Budget. The letter explains fully the grounds upon which these proposals are based and furnishes also the statistics of work done

NOTE—Contn. sheet

MGCPB—50,000-17-2-05

Bangalore,

21st October 1905.

From,

V.A.Rajaratna Mudaliar Esquire,

Registrar, Chief Court of Mysore.

To,

B.K.Venkatavaradiengar Esquire,

Secretary to the Government of Mysore,

General and Revenue Departments.

Sir,

I am directed to state that the District Judge of Bangalore reports that the work of the Central Nazarat, Bangalore is steadily growing from year to year so much so that during the last two years the peons especially have had to execute nearly double the number that they are, under the Rules, required to serve, that owing to the heavy work devolving on the present establishment which consists of only 18 amins and 47 peons, the execution of processes has often been found to be difficult and unsatisfactory and that the strengthening of the establishment has become a matter of urgent necessity and requires to be immediately sanctioned.

2. The statistics for the past four years shew that the work is increasing year after year and that there is an annual saving of Rs.9,500. The work turned out last year which gives the average result of 208 processes for each amin and 510 for each peon is stated to be such as to subject the establishment to an undesirable strain which will sooner or later seriously tell upon the efficiency of the establishment.

3. Further under the proviso to Rule XXII, 15 peons at the rate of 3 for each Court at Bangalore are told off for duty as Court orderlies and if in making the calculation these peons are left out, the average number for each peon would come up to 749.

4 The District Judge recommends that 2 amins and 23

process

process servers be added to the present establishment.

5. Though the scale fixed in Rule XXII prescribes only the minimum number of processes which should be served by each process server, yet for proper and timely execution and return of processes to Courts so that parties may not be put to any inconvenience, the Judges think it very necessary to sanction a small addition to the establishment. It may be observed that the Nazarat establishment gave a nett profit to Government on last year's working of Rs.13,458-6-10. The more efficient the establishment it may reasonably be inferred the greater will be the profit and the Judges believe that ultimately the expense of increased establishment will be more than recouped. Taking the average of about 180 processes for an amin, especially as the Central Nazir requires clerical assistance, and 460 processes for a peon, the additional establishment may be fixed at 2 amins of the 2nd grade and 5 peons, 1 in the first grade and 4 in the second grade.

6. I am accordingly directed to recommend that the said additional establishment may be sanctioned with effect from the 1st January 1906.

7. The large savings from process fees admit of the small increase of expenditure which is only Rs.768 as is shown in the proposition statement herewith forwarded. But if it is not possible to sanction the proposed establishment even for the second half of the current year that is, from 1st January next, I am to request that permission may be granted to include this item in the Budget for the next year.

8. To avoid the difficulty of want of provision in the Budget to meet cost of additional establishment which may be entertained from time to time under Rule XXII of Process Rules, I am to request that the Government may

be

121-05

be pleased to grant special permission to provide, in future Budgets, a lump sum of Rs.2,000 for temporary increase of process establishment whenever found necessary.

9. As the establishment will be cut down under Rule XXIV of the Nazarat Rules whenever there is reduction of work it will not be a permanent addition to process expenditure.

10 In this connection it should also be observed that no money has been specifically provided in the Budget to meet bills for the cost incurred in the service of urgent processes under Rule XX of the Process Rules. No such expenditure has apparently been incurred up to date but it is desirable to have a lump sum grant of about Rs.100 inserted in the Budget under this head and I am to request sanction of Government for this provision in the next year's Budget. I am to request that the matter be treated as very urgent.

I have the honor to be,

Sir,

Your most obedient servant,

Registrar.
